Empower parents and teachers with the

Screens & Learning
Action Kit

Get the tools you need to advocate effectively for your child!

Our Screens & Learning Action Kit provides:

- Research-based information on what helps kids learn best and the impacts of screen technologies in the classroom

- Strategies parents can use to advocate for transparency and policies that prioritize students' learning and wellbeing

- Recommendations schools can use to vet EdTech products and set appropriate limits in classrooms

- Resources for promoting screen awareness at home and in the classroom

Topics Include:

- Foundations for Learning
- Screen Time's Impact on Learning
- EdTech Fact vs. Fiction
- 1:1 Programs
- Schools, Screens and Equity
- Benefits of Pencil and Paper
- Play to Learn
- Student Data Privacy
- What AI Can and Cannot Do
- Social Media Use by Schools
- Opting Out of EdTech
- Phone-Free Schools
- Organizing Parents
